IP conceptual outline

Part 1 – From Vision to Actions ⟶ **Setting the scene**: the SRIA and the prioritization of actions

Part 2 – Mapping and discussing implementation options and potentials ⟶ **How the SRIA could be deployed at regional / subregional and sectoral levels**, starting from high priority actions:
- *Programmes and initiatives of relevance, including research and data infrastructures*
- *Target sectors and groups*
- *Funding options and agencies*
- *Recent and ongoing relevant projects*

Part 3 – Activities to promote SRIA Implementation ⟶ **What can be done in the short-term** to promote the implementation of the SRIA:
- *Networking, engagement, alignment, lobbying*
- *Training and capacity building*
- *Start-up and pilot actions*

Part 4 – Key Performance Indicators (KPIs) ⟶ **How to monitor progresses and performances** of the Implementation Plan
