Outline and structure of the Implementation Plan and connection with policy aspects

SRIA and IP policy aspects

Second Research Funders Workshop - Barcelona – 25 October 2018

Andrea Barbanti
Bluemed PMT – Policy Platform Coordinator
National Research Council
Policy relevance of BLUEMED SRIA

The BLUEMED SRIA is a policy-driven Agenda, whose developments are expected to inform, influence, and support the implementation and evolving processes of a wide range of international and EU policy instruments.

- Healthy Marine and Coastal Environments
- Ocean Governance
- Food from the Sea
- Energy Transition
- Sustainable Coastal and Maritime Tourism
- Circular Blue Bioeconomy
- Blue Biotechnologies
- Marine Data and Marine Knowledge
- Human Resources and Skills
- International Cooperation among EU Countries and between EU and non EU Countries
- Clusters of Actors and Sectors
### Mapping policy relevance of BLUEMED SRIA

**KNOWLEDGE Pillar**

**CHALLENGE A.** Mediterranean Sea ecosystems: characterize present dynamics, services, resources, vulnerability and resilience to natural and anthropogenic pressures

**CHALLENGE B.** Forecast changes of the Mediterranean basin under climate and anthropogenic pressures and develop plans for sustainable adaptation to climate change and mitigation of its effects

**CHALLENGE C.** Hazards and protection of coastal areas and open sea in the Mediterranean

**CHALLENGE D.** Innovative blue growth trajectories

**ECONOMY Pillar**

**CHALLENGE A.** Innovative businesses based on marine bio-resources in the Mediterranean

**CHALLENGE B.** Ecosystem-based management of Mediterranean aquaculture and fisheries

**CHALLENGE C.** Sustainable tourism and cultural heritage in the Mediterranean

**CHALLENGE D.** Maritime clusters in the Mediterranean

**CHALLENGE E.** Governance of maritime space and marine resources in the Mediterranean

**TECHNOLOGY Pillar**

**CHALLENGE A.** Smart, greener and safer maritime transport and facilities in the Mediterranean

**CHALLENGE B.** Observing systems and operational oceanography capacities in the Mediterranean

**CHALLENGE C.** Innovative offshore industrial platforms including marine renewable energy and co-use

**CHALLENGE D.** Marine and coastal natural and cultural heritage in the Mediterranean: discovering, protecting and valuing
A new Pillar: Cross-cutting enablers

A number of key cross-cutting actions are needed to assure effectiveness of Knowledge, Economy and Technology actions and their transfer into Blue Growth sectors and value chains. Most of these cross-cutting actions are policy driven and require policy decisions for their implementation.

CHALLENGE A. Cross-cutting enablers for Blue Jobs and Blue Growth

GOALS

A1. Open data, open science, open innovation
A2. International Cooperation and Coordinated Transboundary Networks
A3. Interaction between scientists, stakeholders, policy and decision makers, civil society
A4. Building capacity, blue skills and blue professionals
A5. Promoting and implementing strategies and action plans
Main Policy aspects of in the IP

Part I – From Vision to Actions
- Prioritization process takes into account “P4 – impact on European and Mediterranean “blue” policies (Policy pillar)”

Part II – Mapping and discussing implementation options and potentials
– Analysis on Challenges and Goals, targeting highly ranked actions, will consider their relevance and connection with ongoing strategies and initiatives.

Part III – Activities to promote SRIA Implementation
- Engagement of policy-makers at national level
- Alignement and coordination with Intl. and EU initiatives and strategies
- Lobbying actions to promote BLUEMED actions (having policy relevance)
- Develop tailored outreach to policy makers

Part IV – Key Performance Indicators (KPIs)
- Inclusion of Policy-related KPIs
Thank you for your attention
