# Marine litter technical group – SP local Hub

Type of entity

## Marine litter technical group – SP local Hub

### Spanish local hub data (4<sup>th</sup> of November 2019)

- 54 members from 42 different organisations have volunteered to be part of the BlueMed pilot action Local Hub
- 22% from entities performing Research & Innovation activities
- All stakeholders are represented in the hub
- Covering not only the Mediterranean Sea. Entities from the Atlantic have joined the hub as they share common challenges
- Flexibility: depending on the topic we can approach a pre-selected group within the Hub

### NEXT STEPS ?

- ❖ Share information on BlueMed Pilot and on actions to be taken by the local hub → they need more details on their role
- ❖ European platform for all hubs → how they will be connected
- ❖ ...

*Thank you !*
